🕘 EXPERIENCE

HARK INC.
FEB 2017 - MARCH 2018
Web Developer
Building interactive, responsive, cutting edge, corporate websites in mainly Drupal and Word-Press. Utilizing HTML, SCSS, Javascript, jQuery, PHP, Composer, SSH, and Git. I was responsible for efficiently developing a complete website from a PSD mockup to finished state; while ensuring cross browser compatibility and fast page loads.

MAJORWISE
SEPT 2016 - FEB 2017
Front End Developer
Developing an interactive Job Board / Intern app for colleges. I was solely responsible for building the entire front end on Git utilizing AngularJS, SCSS, Jade/Pug, Node, MongoDB, and Express.

FREELANCE
JUNE 2016 - FEB 2017
Web Developer/Designer
Designing and developing websites using HTML, CSS, PHP, Javascript, AngularJS, jQuery and some-times Drupal or WordPress.

BARISTASBEANS.COM
FEB 2006 - OCT 2016
Web Developer/Owner
Owner/operator of boutique coffee roasting company with wholesale and retail accounts. The eCommerce site is built off of Drupal CMS in a LAMP backend. Administered via SSH.

LIZ CLAIBORNE
MAR 1998 - OCT 2002
Sub-Contracted Web Development
Four year freelance position for major fashion company, Sigrid Olsen, a division of Liz Claiborne Inc. Executed quarterly website re-designs for the new seasons look-books.

🎓 EDUCATION

FREECODECAMP.COM
Front-End Certification
Using HTML5, CSS3, Sass, JavaScript, jQuery, and and GitHub to build fully responsive, interactive websites that stand apart from the usual templates.

LYNDA.COM
Web Design
Best standards and practices using Adobe's design suite & Macromedia Flash
